YOUNG MEN, TAKE PARTICULAR NOTICE.—Dr. H. devotes much of his time to the treatment of those cases caused by a secret habit which ruins both body and mind, unfitting the unfortunate individual for either business or society. The sad effect of these early habits, or the excess of riper years, are to weaken and debilitate the constitution, destroy the physical and mental powers, diminish and enfeeble the natural feelings, and exhaust the vital energies of manhood; the immediate application, as Dr. H., by his new treatment, is enabled to insure a speedy and permanent cure.

DR. HALL'S AMERICAN PERIODICAL PILLS.—
No article of medicine intended for the exclusive use of females has ever yet been introduced that has given such universal satisfaction as the American Periodical Pills. They can be relied on in all cases of Menstrual Obstructions, Irregularities, &c., as a sure and safe remedy. Price, per mail, \$1\$ and one postage stamp.

LOUISVILLE JOURNAL diers defending us are perhaps perishing for want of food! The other night when the news was received by telegraph that our State had been invaded what did we see? And now tion of the public revenue due the State for the when a small appropriation is asked for their year 1860 remains uncollected, the sheriffs or support, we hear suggestions for economy and arguments on small constitutional points. We have been taken to collect or secure the same. I have had several messages from the Governor, but he has not said one word to uphold the majes ty of the State. Is this an hour for gentleme to be found aiding and siding with the enemy? If so the people will rise in their majesty an crush them indignantly beneath their feet. The

resolution was then adopted by 71 to 20.

A message was read from the Governor returning the resolution, for the expulsion of the Confederate invaders, with his objections. The question being on the passage of the reso lutions over the veto of the Governor, Mr. Under-

wood made an argumentative speech in opposition ,579 86 to the Governor's position and in explanation of his own. Mr. Johnson called the attention of the House at the last session, pledging Kentucky to the Southern cause, if a war of coercion or subjugation should be inaugurated against the south Messrs. Wolfe, Jacob and others explained their votes on these resolutions, the reasons for which 4,108 70 | are well known but I will give a little of their secret 9,155 43 history and the manner in which they were introduced. The resolutions had passed the Legislature 20,628 15 236 50 of Tennessee and were brought here in a newspace 3,990 90 by Blanton Duncan. I can see him now sitting 951 85 "squat like a toad" at the ear of Mr. Ewing, and pouring his poison into it. Mr. Ewing, at Duncan's suggestion, offered them, and the pre-1,474 95 vious question having been called, they were were read once and were most speciously drawn as a part of the great plan of precipitating the South into revolution. The man who brought them here has ever since distinguished himself by 588 43 his treason against the Federal Government and 1,234 64 his efforts to embroil the State in civil war. The motive of that man in having them introduced is evident, the fruit of that motive is as evident, 6,897 38 and I dreaded the gift which an enemy tendered at the time it was offered. But after the resolutions were passed, the trap was discovered and a motion made to reconsider their adoption, but it failed, for at that time the Union men were in a minority here. But what are the resolutions 124 19 4,775 56 In case of coercion we are to sympathize with 671 48 and assist the oppressed. Well, Tennessee has 2,517 68

According to the testimony of eminent military men, of army surgeous of high standing in the profession, and thousands of private soldiers, RADWAY'S READY RELIEF has already been of immense benefit to the sick among our gallant volunteer soldiery in CAMP, IN THE BIVOUAC, AND ON THE MARCH. The subjoined summary of facts, which we respectfully invite the Government to verify by application t Union men to the resolutions adopted by the House at the last session, pledging Kentucky to voluminous testimony to the same effect received by us within a few weeks from various headquarters of regi-ments and detachments in the service of the United States: TESTIMONIAL NO. 1.

TESTIMONIAL NO. 2. Major Linelli, Garibaldi Guard, pronounces the RE-LIEF an "excellent medicine" for the army.

TESTIMONIAL NO. 3. Col. George Lyons, of the Eighth Regiment N. Y. S. M., all his officers, and 200 privates, endorse the Relief adopted with almost entire unanimity. They were read once and were most speciously drawn in the most emphatic terms, and suggest its immediate introduction into the medical stores of every branch of the service.

TESTIMONIAL NO. 4. Surgeon E. K. Seaborn and Colonel Phelps, of the First Regiment of Vermont Volunteers, warmly ap-prove the Belief, and the regiment has taken with it to the field a sufficient supply for present use.

Kentucky Cider-Mill. As the season has arrived for making Cider, and the crop of Apples abondant. I am again prepared to furnish this popular CIDER-MILL. As times are hard and money scarce, we feel confident that no farmer who has apples will allow them to rot on the ground when he can for so small a price procure a Mill by which he can turn his apples into money in addition to having a fresh slass of cider every moraling to help drive away the troubles of the times. We warrant this Mill. to run lighter, grind farler, and press harder than any other Mill now offered to the public. Before purchasing, call and examine it.

The proclamation of Gen. Anderso will thrill and electrify the heart of every tru Kentuckian and true man in our borders. Read it, Kentuckians! and rally for the de fence of your homes under the banner of you country and your State. Rally instantly, and rally as one man. The invader is at your door! nay, he has crossed the threshold, and whilst we write, is brandishing the knife and the torch above your heads. The Kentuckian who at such a moment wavers and hangs back sullies the name he bears.

One hundred and fifty men are wanted for a Battery of Light Artillery, to be commanded by Capt. I. W. Scott of this city.

The Battery is to be attached to Gen. Anderson's column and is to be composed exclusively of picked men. Young, active, able bodied men, knowing how to ride well and how to take good care of a horse, will be accepted, and no others. Those desirous of entering this most beautiful branch of the service can apply to Capt. I. W. Scott at his residence, corner of Walnut and Second streets.

It is the intention to make this one of the "crack companies" of the service, and no one need apply to enter it who is not ready to aid in this intention, and who is not ready for the most active service. One of the officers of this company has been in the regular service of the United State's several years—was with Gen. Anderson in Fort Sumpter during the siege, and distinguished himself very much under the eye of the General. The remaining-officers are gentlemen of this city, in whom the men can place the most implicit confidence.

An arrest was made vesterday at the Ford by the guard stationed there. The parties arrested were Mesdames J. C. J. and W. P. J. These ladies were trying to make their way to the Junction to get to Louisville. After keeping the ladies in the sun for two hours, a commissioned officer arrived who conducted them to a neighboring dwelling, where they might rest until ready to be sent to headquarters. On entering the dwelling the "fair rebels" opened in a tirade against the Lincoln hirelings, in the style of the late telegraphic agent of the Southern Confederacy, informing the lady of the house that they were regamuffine and thieves, and would steal all she had in the house. The lady, who, it seems, was no rebel, ordered them out of the house, and they were hastily conducted to headquarters. The enthusiasm among the farmers in this

vicinity equals all expectations, and the confidence reposed in the loyalty of the mountaineers of Kentucky has not been misplaced. They show an eagerness to rally to the standard of the country and to enlist under the command of General Anderson, whose name is on every lip, and spoker with the tenderest love and admiration fo the man. HITZ & SMALL,

Mr. Robert L. Lindsay arrived in town yesterday afternoon from Ironton, and informs us that a skirmish occurred on Thursday, 17th inst., at Black river, about twelve or fifteen miles southwest of Ironton, between three companies of Indiana cavalry and a body of secessionists under the command of the nevorious Thug and murderer, Ben. Talbot. The Indianians discovered the gang and made a rapid charge upon them, killing five and taking four prisoners, besides thirty-five horses and a quantity of arms. The balance of the rebels took to the hills like so many squirrela, and were soon lost in the bushes and mountains. The Indianians pursued them some distance, but the rebels knew the country so well that they cluded their vigilance.

Nows was received at Headquarters, last evening, that Major Gavitt's First Indiana Regiment had returned victorious to Pilot Knob, having on its expedition found Talbott's camp of rebels and comp etely routed them, killing two of his men and cepitring three or four prisoners. Sx' y guns and twenty-five horses were also captured.

It is understood that a duel between an officer of the army and a civilian has been arranged for to-day to be fought on Bloody Island, at an appointed hour during the forenoon. Of course none of the particulars are known, except that a challenge has been given and accepted, weapons determined and seconds selected.

Sole Agents in this city, 409 Main st. It is now reported here by a messenger from Boonville that Lexington surrendered to Price on Tuesday afternoon, and Col. Worthington, of the lows Fifth, writes from Boonville that he credits the report.

A gu it deprobably escaped from Lexington with \$700,000 in specie and currency belonging to the bark here, and the seal of the State.

If L xington is taken the victory was probably deatly gained, and it is supposed Price caunot long hold his position.

It is believed that Col, Mulligan, in command at Lexington, surrendered, if at all, because his ammunition was exhausted, as he had but thirty rounds.

The Republican has the following in reference to the situation of affairs in North Mississippi:

Northern Missouri is now, for the first time during the war, cleared of the armed predatory bands that have infested that section. The carses of the accessionists in that part of the State, who have been plundering the people, destroying public property and instituting a reign of terror calculated to make humanity shudder, is, we are confident, at least brought to an end. At this moment it is believed that there is not an armed secession organization in the whole of that country lying North of the Missouri river, except periphete in the region arout Lexington. Mart.

Holt's Speeches for the 1,000,000,

A Key to the Disunion Conspiracy!

Intervent of the Partisan Leader. A novel. By Beverly Tucker, of Virginia. Secretly printed by the celebrated Duff Green, at Washington, in the year 1836, for circulation in the Southern States, and among disunionists, but immediately suppressed by the enemies of the National Union.

This astonishing book, in the garb of a brilliant and fascinating work of fiction, was secuelly printed in 1836, with a fictitious imprint, and date of 1856, purporting to be an historical novel, detailing the events which had taken place during the previous twenty year. In it are depicted, with unerring and prophetic accuracy, the whole of the present disquion conspiracy, narrating the very events which are this day transpiring throughout the Enited States of America.

Every friend of the Union should read and profit by its inhabitants have been the dupes of a few ambitious and reckless demagogues. The amazing and monatreus conspiracy which it develops is absolutely stunctions but the book itself carries conviction on its own face.
